

Statement of Interest. Please include a personal statement of candidacy outlining your interest in SABANY and your goals for your term (maximum 300 words).

I've been a SABANY member for several years now and have been co-head of the Women's Committee this past year. I was also in the SABA Leadership Institute in 2025. The relationships I have built through SABA and the experiences I have had have made me extremely passionate about what the organization does. It is an honor to work with such driven people who are also united by a certain underlying cultural commonality.

Members of the South Asian legal community have the potential to build a formidable presence. I think we are taught from early ages to work hard, respect one another, and collaborate. We are also learning the importance of building one another up and promoting one another. In this time, supporting one another and other minorities is more critical than ever.

Constructing strong scaffolding, providing career guidance, and building one another up – these are all areas where I have been fortunate to have had friends and mentors over the years and I would love the opportunity to give back to our community. Although all of us have busy jobs and lives, I think I could offer resources and experience that would be beneficial and I would love to join the other committed board members this year. I am proud of the work SABANY has done these past few years and it would be an honor to facilitate further growth and momentum.
