

Statement of Interest:

Having been an attorney for over 20 years and actively engaged as a leader in both SABANY and SABA of Greater Boston over many of those years, I have had the opportunity to experience the important and complementary role that these organizations can play in our professional and personal lives. SABA provides an opportunity to engage in professional discourse and to expand our networks, but also to give back to a community that has been so vital for each of our personal and professional development.

In particular, I have served as a Director these last ten years in addition to serving on the Steering Committee, when active. It is with this experience, appreciation for the institution itself, and proven willingness and desire to serve our community that I seek the opportunity to continue to play an active role in SABANY.
