

Statement of Interest. Please include a personal statement of candidacy outlining your interest in SABANY and your goals for your term (maximum 300 words).

SABANY has been part of my professional life since law school, so my interest in serving as Vice President of Private Sector comes from wanting to continue growing with an organization that I have already spent years being a part of. What started as a way for me to meet other South Asian attorneys and build a professional community has become an organization that I have had the opportunity to actively contribute to.

This past year, I served on SABANY's officer slate as Vice President of Professional Development. Holding an officer position gave me a much better understanding of what our members actually find valuable and, just as importantly, what it takes to turn an idea into programming that people want to attend. I would like to build on that experience.

The Private Sector role is particularly interesting to me because it aligns closely with where I am in my own career. I recently made the move in house after working at a law firm, and that transition has made me appreciate how valuable it is to have a network of attorneys who have taken different paths within the private sector.

SABANY has already been a meaningful part of my career, and I would be excited to continue contributing to it in a role that reflects both my experience and where I am headed professionally.
